

EUREKA!

(I have found it)

The Best Shirt Waist, Skirt and Belt Holder invented since Shirt Waists have been in use.

It is impossible for the skirt to sag or the waist to get baggy in the back, or the belt to work up so as to show the skirt band. When once adjusted it can be removed with waist, requiring no attention in dressing except buckling in front.

Detachable Hooks in Black, Tan and White accompany each supporter, suitable for any colored belt; also, eyes for three waists and skirts.

Guaranteed not to rust or soil the clothing.

NO NEW CASES OF SMALLPOX

The Baseball Team Not Permitted to Go to Concord.

Special to the Telegram.

Reidsville, July 1.—As stated yesterday the smallpox patient has been completely isolated and every precaution has been taken by the authorities to prevent any spread of the disease. They have been so successful that no new cases have developed and it is thought that none will. Owing to the smallpox scare the baseball team did not go to Concord yesterday. The boys are eager to go to Greensboro on Monday and if permitted to do so they will make their appearance on the Fourth and try to win the game.

A Runaway.

Soon this morning the horse belonging to M. S. Jeffreys became frightened near the corner of South Elm to Lewis street and made a wild dash up the latter. He was hitched to a wagon when he started but the wagon could not keep up and was scattered along the street. The lines were broken at the start and the driver was forced to retreat without conditions. The horse was caught uninjured at the intersection of West Lee, Lewis and Ashe streets. The wagon was completely demolished.

Remember the Singin Skule To Nite.

If you want to have a good laugh do not fail to attend Jedediah Bobbins "Singin Skule" at the Courthouse tonight the cast is well rehearsed and everything is in complete readiness. This entertainment has been a tremendous success throughout the state and entire south. Admission only 25 cents, kids 15c. Reserved seats can be purchased at Gardner's drugstore 10 cents extra.

To Examine Colored Troops.

Dr. W. H. Brooks, assistant surgeon of the Regiment, left yesterday for Fort Macon, where he will examine the negro troops who are there waiting to be mustered in. He was accompanied by his wife.—News and Observer.

Boat Race.

By Wire to THE TELEGRAM.

Saratoga, July 1.—The day started in fair for the freshmen race. In the middle of the morning the wind was strong and the water was rough. The race was consequently postponed until 3:30 p. m.

A HOT FIGHT IN PROGRESS.

City of Santiago Completely Surrounded.

SHAFTER'S OFFICIAL REPORT.

Lawton Leading the Fight—Garcia and His Cubans Eager to Storm the City.

By Wire to THE TELEGRAM.

Washington, July 1.—The war department has just received the following from Camp Sevilla:

An action is now going on but the fighting is only light and desultory. It was begun on the right near Caney by General Lawton's division. He has been ordered to move upon the northeastern part of the city. I will keep you advised as to the progress of the battle. (Signed) Shafter.

SANTIAGO SURROUNDED.

Sibony, July 1.—By three o'clock this afternoon the city of Santiago will be completely surrounded by American and Cuban soldiers under General Shafter, commanding the American forces. All of the army is now practically in sight of the city and the outposts on both sides are so close that the picket firing is continually going on but as yet no real fighting has occurred. All of the light artillery has been conveyed to the front but the heavy guns have not yet been removed from the transports. The road will probably be finished today. When this has been accomplished the heavy guns will be speedily brought to the front and it is expected that the first fight will take place at Aquadores at which place the Spanish soldiers are strongly entrenched.

WAITING IN LEASH.

Off Juragua, via Port Antonio, July 1.—More than 15,000 Americans, including all the volunteer troops operating in Cuba, supported by more than 4,000 Cubans under General Garcia, are lying within view of the Spanish entrenchments to the northeast of Santiago, ready to make a general assault on the city so soon as a forward movement is ordered.

General Lawton has been ordered to take the lead. If the Spaniards show signs of retreat Wheeler and Kent will join Lawton and endeavor to drive the Spaniards before them into the city. The plan of battle is to advance and push 5,000 troops under General Lawton two miles nearer the city capturing the village of Caney and occupying the high ridge beyond which overlooks Santiago. From this a terrific artillery fire can be rained on the Spanish entrenchments. It is believed that the Americans will accomplish this movement tomorrow. It is expected that the general attack on the city will be postponed until the arrival of the heavy siege guns.

GARCIA LEADING THE FIGHT.

Sevilla, June 30—Garcia's Cubans made a dash westward this afternoon and penetrated nearer to the defenses of Santiago than any hostile force has yet been. Garcia led his forces in person striking Caney and passing in plain view of the Spanish pickets. Tonight he camps near to the Spanish outposts ready to make a dash so soon as the orders are given. The fact that the Cubans have been rationed for only 24 hours argues an early advance on the city. Garcia expects to have the honor of leading in a grand assault and has exhorted his men to fight desperately.

The Fire Practice.

The fire department this afternoon at 5 o'clock will give an exhibition of their skill as fire extinguishers. The new hook and ladder truck will be the principal part of the display. They will put two streams of water on top of the National Bank building and one stream in one of the windows of the building. From the new truck they will raise a tower and will throw a stream from the top of the 50 foot tower. Several prominent firemen from Wilmington and other towns and President McNeill, of the State Fireman's Association will witness the practice.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk Iowa. For sale by C. E. Holton.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU.
HIGH POINT, N. C., July 1, '98.

At a meeting of the directors of the Commercial National Bank in the bank building Wednesday night, a semi-annual dividend of 4 per cent was declared, \$500 was added to the surplus fund and the balance of the earnings for the past six months was carried to the undivided profit account. This speaks well for this institution as well as for the substantial financial condition of our city. We doubt if there is a town in the state or south whose enterprises have continued to prosper as has ours and whose banks have not suffered more or less by the financial depression of the country.

The grass on the city park is being mowed down today. This will add very much to the appearance of the plot which the city authorities ought to keep more presentable. No one would object to a small appropriation of the city's finances for this purpose.

J. L. Dudley has on sale the first lot of Georgia watermelons received here this season and they are much in demand.

The members of the Jr. O. U. A. M. council here are living high today in happy anticipation of the bountiful feast the Randleman boys will set before them tomorrow. By uniting efforts the members of the council here have made this the leading secret organization of the city and their zeal is in evidence in public and private, and while they glory in the proud name of an American citizens they also gather round the festive board with equal zeal.

SALISBURY ON THE WAR.

He Says the United States is Animated by Elevated Philanthropy.

London, June 30.—In the course of a speech at the United Club in London tonight Prime Minister Salisbury said:

"We are now living in calmer times except for the black cloud of war, which I most earnestly desire may be removed, between two great States, respecting who we are bound to feel and express the sentiment of neutrality. One of these is bound to us by every tie of kindred and similarity of institutions. The other fought on our side against the tyranny of the first Napoleon.

"While watching the war into which they have been unhappily led we are bound to abstain from expressing preference or judgment. We know that the United States is animated by elevated philanthropy, and we know that Spain is inspired by her love of independence, which is the greatest pride of all ancient nations. We earnestly desire that the day will speedily arrive when this terrible slaughter by two great nations may cease, and the world restored to peace to watch the restoration of one nation and the continued progress of the other. Apart from this great sorrow, which is not our sorrow, though we feel for it, the world at present looks smiling enough to us politically."

Lord Salisbury dilated upon the agreement with France respecting the Niger troubles and indulged in optimistic language concerning China. He declared that he believed Great Britain would be able to teach the Chinese government that the construction of railroads in China under British auspices would most increase her prosperity and best protect her against future enemies.

The Cloven Hoof.

With the truly good champions of conquest and colonization, who are impressed with a solemn sense of the Christian obligations of this country to the poor savages of the Philippines and of the awful weight of our moral responsibilities and duties to the rest of mankind, there is no arguing. They simply overwhelm us with their immense superiority. We feel as if Chaddard and Stiggins were holding a condemnatory conference over our want of the moral stamina to make good Christian patriots, imbued with a requisite degree of enthusiasm for our country's imperial greatness. We experience relief only when our instructors mingle commercial supremacy, calculations of the value of the sugar and tobacco plantations of the Philippine Islands and other trading gammon with their high moral platitudes.—Philadelphia Record.

Assistant Secretary to President.

By Wire to THE TELEGRAM.

Washington, July 1.—President McKinley today appointed George Bruce Cartleton, of New York, as assistant secretary to the president.

MANZANILLO BOMBARDMENT

One American Ship Disabled by the Forts.

CAMARA HAS PASSED CANAL?

Carranza Captured—Transports Not Yet at Manila—Typhoid Fever at Camp Alger.

By Cable to THE TELEGRAM.

Santiago, July 1.—Four American warships bombarded Manzanillo on yesterday. The shore batteries protecting the harbor were badly damaged by their fire. The Spanish guns replied vigorously and compelled the American ships to withdraw after one of them had been disabled. The Spanish gunboats which were in the harbor went to the aid of the batteries and exchanged shots with the American ships until the latter ceased firing. It is believed that it was the intention of the Americans to take the city.

THROUGH SUEZ CANAL.

Madrid, July 1.—It has been announced that Admiral Camara's fleet, which left Cadiz sometime ago for the Philippines and which was stopped at Port Said from lack of coal, has passed through the Suez Canal.

CORRANZA CORRALED?

Washington, July 1.—It is rumored that Lieutenant Carranza, the head of the Spanish spy system, who disappeared from the Montreal on Monday last, is now in the custody of the government. It is believed that Chief Wilkie, of the civil service, has effected his capture, which explains his disappearance.

HAVE NOT REACHED MANILA.

Hong Kong, July 1.—The Japanese steamer Matsushima has just arrived here. She reports that the American transports had not reached Manila when she left there on June 27. The Spaniards are still adding to the defenses of the city. In the harbor are four British and five German warships.

TYPHOID AT CAMP ALGER.

Washington, July 1.—Several cases of typhoid fever have developed at Camp Alger. A commission has been appointed to examine into the water supply.

TOPEKA SAILS.

New York, July 1.—The cruiser Topeka cleared this morning and also the troop ships Lampasos and Neucenes, laden with coal and supplies, sailed for Tampa where they will take troops aboard for Cuba.

REPUBLIC PROCLAIMED.

London, July 1.—Advice received here say General Aguinaldo the insurgent leader in the Philippines, has proclaimed a republic at Cavite, Manila. The republic is placed under the protection of the United States, England and Japan, with the Americans as chief advisers and the other two nations merely for recognition and approval.

HOSPITAL STEWARDS LIMITED.

Washington, July 1.—General Miles issued an order today limiting the number of hospital stewards to ten for each army corps.

REVOLT SUPPRESSED.

Washington, July 1.—Information has been received here that states the Porto Rican revolt was quickly suppressed. The two leaders were promptly apprehended and executed by the Spanish authorities. The plot was discovered and frustrated by the interception of a friendly letter, which told where arms and dynamite had been stored. The entire city is in a state of ferment and Governor General Macias has taken extraordinary precautions against another surprise.

A Repentant Deserter.

Col. Burgwyn has received a letter from a deserter. It is dated at Best's, Cherokee county. The writer says he deserted because the sergeants of his company told him it was to be disbanded and the men placed in other companies. He says he is sick with fever, doubly regrets the desertion and prays the colonel's forgiveness, saying that when he gets well he will return if the colonel wants him. He asks what will be his punishment.—Col. Olds' correspondence.

A Removal.

Hinkle Brothers have removed their stock of dry goods from the old stand on West Market street to their new quarters next door to the Bank of Guilford. Watch these columns for their offerings to the public tomorrow.

Our New Depot.

It is understood that work will be commenced on the new Southern depot the first of next week. The building will cost \$53,000.

FRANCE AND GERMANY HOSTILE.

England Alone Friendly, According to Chauncey Depew.

New York, June 30.—Chauncey M. Depew returned today on the big German steamer Kaiser Wilhelm der Grosse. He spoke freely of his observations and experiences abroad. Regarding the sentiment toward the United States he said that in France feeling was most bitter against this country. Every paper in the city of Paris, except three unimportant ones, publish right along articles that have not changed any in tone from the beginning, showing the greatest hostility. It is believed there that the object of the United States in beginning the war was the extension of her territory, or imperial extension, and the same opinion seems to prevail in Germany.

In England there is a complete reverse of sentiment. Six weeks time has changed the sentiment of 95 years and all animosities are buried by the tide of sympathy and universal approval and feeling of relationship, which was binding against the world.

It is related of the dean of the chapel royal that he was one day seated in the synod hall at Dublin, when a scent bottle dropped upon his head from the strangers' gallery. Rising from his chair he asked permission to make a personal explanation. "My Lord Primate," said he, "I am always glad to see strangers at our debates, and I feel specially honored by the presence of ladies; but let not their precious balms break my head!"

MR. SOUTHWATE REPLIES.

In the morning papers of yesterday Mr. J. H. Southgate, president of the board of trustees of Trinity College, replies at length to the letter of Justice Walter Clark in regard to the Kilgo matter.

In answer to the charge of Justice Clark that he was tried without notice Mr. Southgate says that Dr. Kilgo was tried on the charges made by Justice Clark and that the latter was not tried at all. Mr. Southgate also points out that Justice Clark was notified by Dr. Kilgo that the matter would be brought before the trustees at the first opportunity, and that the secretary of the board informed Justice Clark of the date of the meeting of the board. Thus Mr. Southgate contends that Justice Clark must have known when the board would examine into the allegations with reference to Dr. Kilgo.

In reply to Justice Clark's assertion that the board did not have jurisdiction Mr. Southgate says:

"By reference to section three of the college charter you will find that no person can be elected a trustee by the conference till he has first been recommended by a majority of the trustees at a regular meeting; and that the trustees shall have power to remove any member of this body, who may remove beyond the boundary of the state or who may refuse or neglect to discharge the duties of a trustee."

Thus Mr. Southgate contends that Justice Clark having it within his knowledge where and when the matter would be examined into, and the board having kept within its jurisdiction as defined by the college charter, Justice Clark is estopped from criticism of its action.

As to whether the board was right or wrong in proceeding to censure Justice Clark for his views of Dr. Kilgo is a matter for individual opinion and one in which the board, being in possession of all the facts, should be the best judge.

It is unfortunate that the matter should have gotten into the public prints at all, since little good can come of it, but to both parties a fair hearing should be given since it has been made a public topic.

Montreal, Ont., June 30—Lieutenant Carranza, the chief of the Spanish spy bureau in Montreal, has been missing since Monday.

There must be some mistake. The world is not large enough to lose Lieutenant Carranza for three whole days.

That Spanish freighters are less strongly built than Spanish cruisers was shown when a freighter burst her boiler running from an American warship.

THE TAX AGAIN.

In this column on yesterday attention was called to the requirement of the war revenue bill that each telegram have affixed to it in the sending office a one cent stamp and the declaration of the Western Union Telegraph company that the sender must pay for the stamp. At the former writing only a digest of the bill was at hand. The full text of the bill while it does not affirm that the company shall pay the tax makes such construction the more probable. In regard to all railroads, common carriers, etc., the bill states explicitly that the bill of lading shall bear a stamp paid for by the company. All telephone companies, also, are required to pay a tax of one cent for each message or conversation for which a charge of as much as fifteen cents is made. Thus it will appear that, judged by the context, it is the intention of the law that the tax shall be paid by the company and not by the sender of the message. There is no reason apparent why railroad and telephone companies should be required to pay the tax while telegraph companies are exempt or are allowed to shift the tax to their patrons.

It would appear from the usual method of construction in such cases, and we have ascertained this to be the view of good legal opinion, the tax is one upon the company, not the sender of the message, and consequently if the company shall refuse to send a message until the sender has first paid the tax, such refusal would render the company liable to action for damages. It is natural perhaps that, relying upon the good nature of its patrons, the telegraph company should require them to pay its taxes but, we repeat, it would be interesting to see a test case made.

In the annexation of Hawaii, the increase of our permanent war establishment at this stage of the game, and in several other particulars, it appears that congress is nearing that very disagreeable state of the emotions where slopping over occurs.

The barbed wire fences built to keep the Americans out of Santiago show the Spaniards are in sober earnest when they term American pigs.

Barcelona and Cadiz have been raised by the intended despatch of Watson to the breezy pinnacle of sympathy with Boston.

The boys looking down the chimneys of Santiago do not seem to find any enchantment in distance and are eager for a closer view.

From the time required for Manila to reach the ground it must be using a parachute in its fall.

The assertion of the New York Times that not two Americans in a thousand can name the presidents of Yale, Harvard, Columbia and Princeton has aroused the ire of the Boston Transcript. The latter journal observes that to justify so low an average infants, idiots and Indians must be classed as Americans.

Soldiers of the British army are rejoicing over an order recently issued by Lord Wolseley to abolish the use of heavy headgear on field day and in hot weather. The full head-dress will hereafter be worn only during reviews and when the men are on guard.

The best evidence that Boston is recovering from the Spanish bombardment scare is furnished in the announcement that the dome of the state house is being given a new coat of resplendent gold leaf. But for the positive knowledge that there are no Spanish ships in New England waters it is probable that this shining mark for the enemy's gunners would have been given a coat of dull war paint instead of a new layer of gilt.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrated me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I fortified myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by C. E. Holton.

To Wipe Out His Son's Dishonor.

A man named Norton, whose son deserted, appeared at camp today and stated that he had come to enlist in his son's place. He is 42 years old. He passed the examination and was enlisted. He is a fine-looking man. Col. Burgwyn paid him a personal compliment for his family pride and public spirit. Norton says his son is on the chain-gang at Salisbury, and his wife felt so much outraged by her son's conduct that nothing could wipe it out save her husband's enlistment—Col. Olds in Observer.

Dr. King's New Discovery.

This is the best medicine in the world for all forms of Coughs and Colds and for consumption. Every bottle is guaranteed. It will cure and not disappoint. It has no equal for Whooping Cough, Asthma, Hay Fever, Pneumonia, Bronchitis, La Grippe, Cold in the Head and for Consumption. It is safe for all ages, pleasant to take, and, above all, a sure cure. It is always well to take Dr. King's New Life Pills in connection with Dr. King's New Discovery, as they regulate and tone the stomach and bowels. We guarantee perfect satisfaction or return money. Free trial bottles at C. E. Holton's drug store. Regular size 50 cents and \$1.00.

ONE dozen photos for thirty-five cents at Moose's photo car. j1-4f

THE message of McKinley will say don't let your store of Rice's Goose Grease fall into the hands of the Spaniards, it is a grand remedy for such a race, for it cures everytime.

MR. JOHNSON turn me loose kase I'm gwine on my way to de store to buy some Grape.

BACCUS regrets that he did not live in this age as he always wanted Grape tobacco.

Piano Pointers.

Mr. C. J. Brockmann is with the old reliable Southern Music House, Ludden & Bates. The concern has been established since 1870 and have placed thousands of pianos in Southern homes. They control the splendid Mathushek and the Huntington pianos and are exclusive Southern agents for Steinway pianos and Mason & Hamlin organs. Having plenty of capital they are prepared to sell on long time as well as for cash. In prices Mr. Brockmann is prepared to meet any competition as he has no sub-agency, but is straightout representative of the New York House, and as he will do the business with no store expense or long distance traveling, can figure very close. Leave word at Wharton Bros. and I will call and see you. Respectfully, Chas. J. Brockmann, Representing Ludden & Bates, in Guilford and adjoining counties

This is our motto, and we do our utmost to live up to it. If you have any complaint to make do not hesitate to speak out. We are more than anxious to please all of our customers and take pleasure in correcting any fault they may find.

The Steam Laundry, Phone 72. John M. Dick, Proprietor.

The State Normal and Industrial College.

Baby's Face.

Dexter, Granville Co., N. C., March 30, 1898.

MRS. JOE PERSON,
Dear Madam—About the last of December there appeared something like heat on our baby's face. On the fourth Sunday in January his face and head were filled with running sores and he suffered severely. We were satisfied the dreadful disease was eczema. On the above mentioned day Rev. K. D. Holmes and Mr. Herbert E. Crews recommended to us in the highest terms, Mrs. Joe Person's Remedy. With the great confidence we had in these gentlemen, we proceeded at once to use it. Two months later, the fourth Sunday in March, Rev. Mr. Holmes saw the same child and could scarcely recognize him. The child is seven months old, his face is well, and there are only slight signs of the disease about his head. He is the picture of health and is hearty and strong. We gladly recommend Mrs. Joe Person's Remedy for all forms of eczema, and think that it is the best blood purifier on the market. With best wishes, I am,
Your friend,
D. N. HUNT.

J. H. RHODES, Prop.,
360 South Elm St.

GOVERNOR BLACK ON ROADS
He Favors the Plan of Paying the Highway Tax in Money.

Governor Black of New York in his annual message calls attention to the need of improved roads and points out the value of such improvement to the farms of the state. He says:
"The opinion is growing that some method must soon be adopted which will improve the country roads. The system now in general use allows the highway taxes to be paid in work. The result is poor roads, with little sign of improvement. Under the law of this state any town or county now has the right to adopt the plan of paying this tax in money. In the few cases in which

WHAT WE WANT.
[From Good Roads.]

the latter plan has been adopted the result has given great satisfaction. The money system can be so pursued as to insure the expenditure of a stated amount upon each mile of road in a town, leaving a surplus to be devoted each year to the roads most in need of it.

"It is urged by many whose judgment and experience are valuable that the legislature should enact a law compelling all highway taxes to be paid in money. This may finally be done. I would recommend, however, that before such law is passed the towns and counties of the state avail themselves of their privilege under the statute of adopting the money system. The experience thus gained will probably satisfy the farmers that the plan now in use should be abandoned.

"I call special attention to this subject because the need of improvement is apparent and admitted and because the benefits following it would be extensive. Many sections of the state unsurpassed in beauty and fertility are neglected and almost unknown because the condition of the highways affording the only approach makes them difficult of access. A good road is one of the chief elements of the value of a farm. If its fertility be slight, it may still be desirable if its location and surroundings are attractive and the approaches suitable.

"In many parts of this country, notably in New England, farm values which had been reduced by the competition of the west have been in great measure restored by the demand for summer homes. Every such community finds itself benefited to the extent of its power to attract investments from the towns and cities. Its markets are enlarged, the price of all commodities raised, railroad facilities are improved, and those changes which the expenditure of money is likely to create are largely realized. New York has natural advantages unsurpassed by any state. Better roads will bring them more generally into view."

LOCATION OF ROADS.

The Importance of Correctly Selected Routes Cannot Be Overestimated.

Country roads almost as a rule are badly located. The older ones followed the tracks of bridle paths and farm lines and grew up no one knows exactly how, but many of the later ones have been laid out and accepted under some official form of procedure and yet show no improvement. The "viewers" who select and recommend the routes are influenced by too many friendly and personal considerations and too often divert the roads from their proper courses, regardless of the rights and needs of the traveling public. They seem to feel that their immediate local interests are the only ones concerned and do not realize that not only they, but all who use the roads for all time to come, will be obliged to travel circuitous routes and clamber up and down hills, to the enormous loss of time and energy, because of their mistaken and shortsighted policy. Verily "time is money," and grades and square corners constitute a heavy perpetual tax upon the public, for rarely is a route once in use changed to other location.

The importance of locating a road correctly at the outset, according to competent surveys and thorough examination, can hardly be overestimated. Where reports are made by viewers to some superior body with whom the final decision rests it is of great importance that the viewers be liberal minded, intelligent and public spirited and that one of them should always be a thoroughly competent engineer. A full report of every examination should be made and should contain sufficient data to make it possible to base an intelligent and accurate opinion on it.

Pipe Drains.

Frequently it is impossible to make open ditches deep enough to drain the outer of the roadbed, and in such cases side or central drains should be used. The foundation course of a macadam road needs to be sufficiently porous so that such rain as may soak through the top covering or work in from the sides may find its way into the earth, where it can be led off by drains. A drain of four inch earthen pipe placed beneath each gutter at a depth of fully 8 1/2 feet below the crown of the road and covered with coarse gravel pebbles or broken stone nearly up to the surface should be used, though if the road lies in a very wet place a larger drain located under the center of the roadbed is more effective. A slight fall is essential and also a free, open outlet. With attention to these details and a system of continuous repairs it is not difficult to maintain a good roadway.—L. A. W. Bulletin.

Fariss Has It
Roger & Gallet's French Perfumes.

His Fortune Made.
"Mme. Snipper has perfected a wonderful invention."
"What is it?"
"A revolving hat; it works so the congregation can see all sides of it."
—Chicago Record.

A good story is being told in Edinburg about a certain clergyman of that city who was very careful about properly crediting his quotations, because of his fear of the charge of plagiarism. He surprised his congregation not long ago by saying in a Sabbath morning prayer: "And Thou knowest, dear Lord, that, to quote a writer in a late number of the Quarterly Review," etc.

One of the Kansas volunteers is highly indignant over an order issued by his commanding officer which compels the soldiers to bathe their feet once a day. In a letter to his home paper he interprets the order as a reflection upon the personal habits of the Kansas troops, and he adds: "I want to tell those West Point dandies that the Kansas soldiers are just as clean as anybody, and that they change their socks about as often as General Merritt."

Electric Bitters.
Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at C. E. Holton's drug store.

Blood Brains Money

A sick man can't make money. That's because his brain won't work. A horse won't do work unless he is properly fed. Neither will a brain. If the brain is not kept in good condition with pure, rich blood, it won't produce much.

Men who fail, and men who don't, often have what they call "Nervous Prostration." Nine times in ten the nervous trouble is purely secondary. The real sickness is in their digestion and in their blood. If a man keeps his digestion in good order, and keeps his body full of pure, rich blood, he is never going to be very sick.

Johnston's Sarsaparilla is made for people who want to get well and stay well. Sarsaparilla is a simple, "grandmother" remedy, but it cures. It purifies and enriches the blood and sends it tingling to every part of the body. That is the way it cures all ailments of the brain and nerves—cures insomnia—cures dyspepsia, rheumatism, scrofula, and every other blood disease. It clears the complexion, plumps out the cheeks, and brings back the sparkle to lifeless eyes.

One Dollar is the price, and One thousand Dollars is the health-giving value of every bottle of every

The Advance
—OF—
**Shafter's
Army**

Upon the City of Santiago
is momentarily Re-
ducing distance

and we are expectantly wait-
ing to hear of a great battle,
the result of which many
think will be practically the
end of the war, as we Amer-
icans will tolerate no thought
but Victory. But while our
brave boys wage battles for
the freedom of down-trodden
Cuba, the children at home
must be clothed. As the
season advances, naturally
our profits grow less. We
can't sell summer goods in
winter, and for that reason if
you will give us a call we will
make you some interesting
prices in **Children's Cloth-**
ing. Ages 3 to 16. These
suits are made up in all the
leading styles.

**Matthews, Chisholm
& Stroud**
Clothing and Haberdashers.

BRIEF LOCAL MATTERS.

W. F. Clegg was in Winston yes-
terday.

Don't forget the baseball game next
Monday.

Le Roy Earnhardt, of High Point, is
visiting friends in the city.

Miss Mamie Rierison, of Winston, is
visiting friends in the city.

Ex-Judge A. C. Avery, of Morgan-
ton, was in the city this morning.

Little Miss Frankie Hanes, of Win-
ston, returned home today after a visit
to Miss Bessie Grissom.

Mr. and Mrs. Will Jacobs returned
to their home in Reidsville last night
after a visit to his brother.

Ninety colored recruits from Ashe-
ville passed through last night enroute
to Fort Macon, under command of
Capt. H. D. Scott.

The congressional committee met
after the date of the convention had
been furnished to the Telegram and
changed the same from the 28th to the
21st of July. The official call appears
in today's paper.

The lawn party given last night by
the Epworth League of Centenary
church on the lawn of the residence of
Mr. R. M. Phillips on South Elm
street was a great success and a very
neat sum was realized.

W. F. Clegg reports to the public in
his space today the arrival of another
car load of fine Georgia melons. To-
morrow the delicious fruit will be on
sale by all dealers. Look out for your
Sunday melons in time.

We sincerely regret to chronicle the
death of the infant child of Mr. and
Mrs. Emmet Denny which occurred
last night about half past ten o'clock,
after a short illness. We extend our
sympathies to the bereaved parents.

If the smallpox does not spread in
Reidsville, the baseball players from
that burg will put in their appearance
next Monday and put up a good, stiff
game. Our own boys are practicing
hard and it is a case of Greek meet-
ing Greek.

A number of gentlemen went out on
North Buffalo yesterday and spent
the day fishing. Among the number
were three policemen and the mayor.
They report the arrest of some fine
fish. A fire was kindled and the fish
were convicted and executed on the
spot. An agreement as to weight,
size etc., has not yet been reached.

Considerable anxiety is felt by the
Telegram force concerning Manager
R. M. Phillips. As was duly chronicled
he set sail down Deep river on
Monday in his yacht Piscator, having
promised daily bulletins from the seat
of war. Nothing has been heard from
him since. It is feared that the Span-
iards or the mosquitoes have claimed
another victim. Gov. Russell has
been requested to despatch the Lili to
investigate.

A Good Ball Player.

It is a source of pleasure to the
friends of H. C. Petty to know of his
success this summer as a pitcher. He
was the regular pitcher of the Guilford
College team last season and imme-
diately after commencement signed
with the Tarboro boys as a "twirler
of the sphere." He has had remark-
able success and has become a terror
to opposing batsmen. His pitching
yesterday against the Halifax team
was one of the features of the game
as he only allowed three hits off his de-
livery. This is a good record and
places Mr. Petty as one of the best
pitchers in the state.

Pushing the Cycle Trade.

W. A. Wingate, the live bicycle
man, presents many facts worthy of
note in his mammoth ad in today's is-
sue. Mr. Wingate himself an enthu-
siastic wheelman, will hereafter devote
his time exclusively to the cycle trade.
He handles several of the very best
makes of high grade and moderate
priced wheels and prospective pur-
chasers should not fail to examine his
stock and get his prices before buying.
Read what he says and then investi-
gate.

Still The Volunteers Go.

The 69th regiment of New York vol-
unteers passed through this morning
on a train of special cars enroute to
Chattanooga. Very few of the boys
had uniforms or other equipment and
they seemed pretty well fagged out
with the all night journey.

Notice.

There will be a special meeting of
Guilford Lodge No. 69 K. of P., to-
night at 8:15. Very important. All
members are urged to be on hand
promptly. Moore, C. C.,
Finlator, K. of R. and S.

Bucklen's Arnica Salve.

The best salve in the world for cuts,
bruises, sores, ulcers, salt rheum, fever
sores, tetter, chapped hands, chil-
blains, corns, and all skin eruptions,
and positively cures piles or no pay
required. It is guaranteed to give per-
fect satisfaction or money refunded.
Price 25 cents per box. For sale by
C. E. Holton.

Prizes for the Bicycle Race.

The prizes for the road race from the
Battle Ground to Greensboro have
been generously donated by three of
Greensboro's most popular busi-
ness houses. The first prize will be
given by Matthews, Chisholm &
Stroud, and will be a handsome golf
bicycle suit. The second prize is given
by S. B. Norris, of the Carolina Shoe
Company, and is a pair of best ball-
bearing bicycle shoes. The third
prize, Ham's Diamond bicycle lamp,
is offered by Wingate Bros. Besides
the prizes offered above the contest-
ants will compete for the champion-
ship of the state and the winner will
be declared as such. The prizes are
now on exhibition in the window of
Wingate Bros.' bicycle store. Satur-
day is the last day that will be al-
lowed cyclists in which to enter their
names as contestants. It is hoped
that a large number of Greensboro
riders will enter the race and bring the
championship of the state to this city.

Infant Son of Officer Scott Dead.

Last night about nine o'clock the
little infant son of William Allen and
Mattie J. Scott died and today is
peacefully resting in the arms of Him
who bade little children to come unto
Him. The little boy was seven and a
half months old and was a bright and
promising child. The funeral services
will be held this afternoon at six
o'clock at the residence of Mr. and
Mrs. Scott at No. 240 Belmead
avenue. The body will be laid to rest
in the Greene Hill cemetery. The Tele-
gram, together with a host of friends,
extends its deepest sympathy to the
bereaved parents in this their hour of
darkest sorrow.

Congressional Convention.

A convention of the democrats of
the Fifth Congressional district of
North Carolina is hereby called to
meet at Greensboro on Thursday, 21st
day of July, 1898, to nominate a can-
didate for congress for said district
and to select an executive committee
and for such other business as may
come before the convention.

By order of committee:
John N. Wilson, Chairman.
A. L. Brooks, Secretary.

"I have used Chamberlain's Cough
Remedy in my family for years and
always with good results," says Mr.
W. B. Cooper of El Rio, Cal. "For
small children we find it especially ef-
fective." For sale by C. E. Holton.

Took to The Woods.

There is much merriment among
colored folks over the case of one
Walter Hart. He had taken a leading
part in getting up the colored company
here and the night before the company
left he was acting chief consoler to
all the members, telling them to "put
de trust in de Lawd an' go." Yes-
terday when the boys marched to the
train Walter was nowhere to be
found. As the shades of night were
falling he crept cautiously into town
to see whether the company was still
waiting for him. He had spent the
day in the woods.

We Have Been Waiting

until we could fit up our sample room before we invited you
to call and inspect our new line of mantels, grates tiles, bath
tubs, gas fixtures, etc. It seems, though, that if we wait
until everything is ready we shall have to wait forever, as we
are constantly getting in new goods, and adding to the com-
pleteness and attractiveness of this line. We are now pre-
pared, however, to show you a complete assortment of these
goods, and to offer them to you at the lowest prices that
have ever been known in Greensboro. You will find our
sample room an interesting place to inspect, even though
you may not wish to buy. All are cordially invited to call
and see our display, which is on the second floor, front,
of our store.
